Dear Sirs:

I hereby ask permission to be approved by this office to examine material in the Archives-Historical Department of the Department of the Army control concerning

Army Intelligence - Liaison-relation with the British Strategic Services European Theater of Operations, World War II.... specifically

Mr. Allen W. Dulles, Office of Strategic Services Chief in Switzerland, 1942 to 1945.

I am doing a book on Mr. Dulles.

I wish to state emphatically that I am not interested in the Army Intelligence-Central Intelligence Agency phase (1946 to 1961) of Mr. Dulles' career. I realize fully and totally the impossibility of such an inquiry.

I am only interested in the World War II, O.S.S., and G-2 phase of Mr. Dulles' career.

Hope you can be of aid.

Thank you very much for your time and trouble.

sincerely,

STATOTHR

STATOTHR

Please accept my apology for not responding to your letter much earlier.

Most of the files of the Office of Strategic Services are still classified and are not available for use by the general public. There is, however, a considerable amount of information about Mr. Allen Dulles and the OSS available in public print. I would suggest that you request your library to furnish you with the several volumes that Mr. Dulles authored. In addition, the book "Sub Rosa" by Braden and Alsop, contains a good deal of accurate information about OSS, as does "Behind The Burma Road" by Peers and Dean Brelis.

If I can be of any further assistance to you, please do not hesitate to write.

Very truly yours,

STATINTL

Executive Secretary

STATOTHR

Your letter addressed to the Central Intelligence Agency, has been referred to this office for reply. The Strategic Services Unit has responsibility for the residual activities of the OSS.

The letter you received from the Department of the Army probably referred to the Central Intelligence Group, the Strategic Services Unit of the War Department, and the Office of War Information, all of which had separate records which are now under the jurisdiction of this office. Access to these records is not permitted to non-government employees since most of them are still considered classified.

There is a great deal of information on espionage and intelligence available from non-classified sources, including the two books by Allen Dulles, "The Craft of Intelligence," and "The Secret Surrender." In addition, Mr. Dulles contributed an article to the 1963 Encyclopedia Britannica Yearbook. There are also several books available on Special Operations Executive, such as, 'SOE--France,' by Michael Foot, "Inside SOE," by Cockeridge, and "Baker Street Irregular."

STATOTHR

I hope the above information will be of some help to you.

Sincerely,

Executive Secretary
